

## WHITE BLUFF UNITED METHODIST CHURCH

Hi Church Family,

I wanted to offer an update on where things stand with our schedule RE: Covid 19. I know many saw the news conference by Gov. Kemp and his plan to slowly re-open or state back this week. I'm as excited and anxious as you are to get things going again! Yet, with the direction of Bishop Bryan Lawson, as of now our Sunday Services and all activities will remain suspended through May 13th. We will re-assess where we are at that point. I'm discussing with our leaders the best way to re-open Sundays once the time comes. Rest assured that when that day comes we will take every precaution that we can to ensure everyone's safety. Sunday mornings will look different for awhile. But no matter what, the same God will be worshiped and present with us!

My prayer is that you are still finding ways to connect to God through prayer and the scriptures as well as with your church. Please join us for bible study on our Facebook page and for Sunday morning online services. If you are feeling isolated, pick up the phone and call a friend. They'll be glad to hear from you!

Let's love God and our neighbor!

Pastor Josh
