

Update on Church Office Closure Dec. 11, 2020

This is a follow up post from earlier this week RE: Covid.

As announced, we have closed our church office until Dec. 18th because of a staff member being exposed to Covid. It's important to note that no one on our staff has tested positive for Covid or is showing any symptoms. There have been four Covid tests among our full time staff, all of which came back negative. I (Pastor Josh) also tested negative today. We are being cautious at the office because our Administrative Assistance's spouse tested positive. She is quarantined, so the office will be closed until Dec. 18th to the public. However, as far as we know, no one with Covid 19 has entered our church facilities. Therefore, we will continue with our upcoming activities. Staff are also reachable by phone. Thanks for understanding!
