

Church office closed through December 18th

Due to one of our staff members being exposed to COVID and needing to quarantine, we will be closing our church office beginning today (December 9th) through December 18th.

This decision has been made for the safety of our staff, our church members, and the public. As of now, other activities on our schedule will continue as planned. Should that change, we will send out another constant contact and put it on Facebook. Our church staff will still be working and available through telephone. If you have a pastoral emergency, call Josh at 912-347-7860. If you have other needs, call the office phone at 912-925-5924.

As of now, all staff members who have been tested have tested negative.
