

WHITE BLUFF UNITED METHODIST CHURCH

Dear Church Family,

Over the next week there is limited access our church building. The office will be open Monday and Wednesday mornings, but we are having a major cleaning done throughout our educational building. Unfortunately, our facility was vandalized Monday afternoon. All three fire extinguishers were emptied, several TVs were busted, the food pantry and youth room among others were destroyed. Fortunately, other than a deductible our insurance should cover all of the damage. Hopefully it will be completed in a week. As far as we can tell, nothing historically valuable was damaged and all things can be replaced. The vandalism is under investigation so I'd rather not mention any details of who were involved. As the church, I think our role is to pray for them and trust law enforcement to take care of the rest.

Be well and safe!

Grace and Peace,
Josh
