

RETURNING TO ONLINE SERVICES ONLY THROUGH THE END OF JULY.

Hey Church Family,

Based on guidance from Governor Kemp, our mayor, our district superintendent, and the reality of the rise in Covid cases in the Savannah area, the Back to Church team has discerned for us to go back to online only worship services through the end of July. We have seen a rise in cases over the past few weeks in Savannah in addition to our three hospitals experiencing an increase in people with Covid in need of a bed. In response, we want to do our part to slow the spread of the virus and save lives.

Our worship services will be available by Sunday Morning on our website (wbumc.org), our Facebook page, and our YouTube page. If you have any questions, please contact Pastor Josh at (912) 347-7860.

The church office will remain open full time.

I know that this is getting frustrating for everyone. We will get through this! Thank you so much for your understanding. You have been great in all of this and I'm proud to be your pastor! Let's continue to pray for the safety of our community. Let's pray for President Trump and other leaders as they navigate these strange times. Let's do our part to share good news since we are the good news people!

Grace and Peace

Rev. Josh Duckworth
